

## KING WILLIAM'S COLLEGE

---

### King William's College – Taxi Policy

**This policy relates to the use of taxis by pupils of King William's College (“the College”)**

1. Taxis are booked from time to time for use by pupils, mainly College boarders, either by the boarders themselves, or by College staff on their behalf. The most common situation is for trips to and from the airport.
2. The College can recommend one or more taxi firms, from whom written confirmation has been received that all drivers, in each case, have undergone adequate Police checks, and that no issues have been highlighted by those checks that would be of concern in terms of the safeguarding of children.
3. The names of these recommended taxi firms (which may change from time to time) can be obtained from the Bursar or the Head of Boarding, and they will be made generally available to all pupils.
4. Pupils are also free to use other taxi firms, if they choose to do so, with their parents' consent.
